

Qwik Curtain™
by Drapery Industries®

The disposable cubicle curtain that's easy to change out and inexpensive to use.

Quick and Easy

The Qwik Curtain™ is designed to work with our SnapCubicle™ system, which allows you to easily replace your existing curtain panel whenever conditions require a disposable option.

Qwik Curtain™ benefits

Two curtain material options

- Non-woven polyester for the look and feel of fabric
- Vinyl coated polyester for wet environments or when cleaning with phenolic or quaternary type disinfectants

Infection Control

Both materials are antimicrobial. And at a fraction of the cost of a decorative cubicle fabric, Qwik Curtains are designed to be replaced frequently.

Locally made... and Cost Effective

We're the manufacturer – so you're buying direct, and cutting out the middle man.

Easy Change-out

Our two-part system allows the mesh header to remain hanging. When you are finished with the panel, simply unsnap it and replace it with a new one – *no ladder needed!*

There when You need it

We stock both materials which allows us to fill your order quickly.
