CLEANING AND MAINTENANCE OF PRISM VELOUR And Encore Velour

Care and Cleaning:

Velour draperies can collect dust within the nap of the velour. *Prism Velour* draperies should be dusted semi-annually.

Prism Velour is an inherently flame retardant fabric which can be professionally dry cleaned or laundered. Prism Velour can be laundered at home, larger heavier drapes must be professionally laundered. Laundering may cause slight shrinkage. Wash lights and darks separately. Hand wash or machine wash on the “Delicate” cycle, using cold water and do not use bleach. If machine washing, do not overload the washer. Hang dry or tumble dry at low heat. If machine drying, load the dryer no more than one third full. Once the drapes are dry, immediately hang or roll the drapery to minimize wrinkling.
